

Parental Consent Audio Visual in Secondary School

Audio-visual materials make up an important part of teaching strategies at Geraldton Grammar School. At Geraldton Grammar School, we adhere to an Audio-Visual policy that must be adhered to by all teaching staff and students. This can be found both on the web and on Seqta Parent Engage. Central to this is that parents be made aware that all audio-visual materials will be used in educational contexts and deemed appropriate at the age level of the individuals viewing the material.

At Geraldton Grammar School, we adhere to the laws and guidelines of the Australian Classification Board in relation to all film, television and gaming. We follow the recommendations in an online environment, restricting pop-ups, advertising materials, the potential of infection from viruses and unsuitable content through internet filtering.

In year 7 to 9 it is asked that parents grant consent to the viewing of all PG, G, vimeo and age applicable youtube clips by signing this consent form. In year 10 to 12 it is asked that parents grant consent to the viewing of all M, PG, G, vimeo and age applicable youtube clips by signing this consent form. Any materials outside of these parameters will require additional consent from parents.
