- Scholarships are open to students seeking a position at the school, or to existing students of the school. This occurs through the following:

ACER Scholarship Examination

This group examination session is normally conducted in term 2 on a designated Saturday at the school and is conducted by ACER (Australian Council for Educational Research) via the completion of the respective application form and payment of associated fee.

All students from years 6 – 12 are eligible to register their name for the examination that comprises independently written papers including Grammar, Writing, Humanities, Mathematics and Science. Completed assessments are then forwarded to ACER for marking. A report to the student and the school will be forwarded by ACER within 4 to 6 weeks of the assessment date.

- Once the successful students have been chosen there is an interview (this can be waived for a current student.) The student and parent sign a contract, a copy of which follows.
- There could be opportunities for media coverage in which the students would be expected to participate.
- The Scholarship Testing Day is administered by the Head of Educational Administration in consultation with the Principal.

Alternative Scholarship Examination

- The Head of Educational Administration, under direction of the Principal, may offer an alternative scholarship testing date after the ACER Scholarship examination. The timing is organised in negotiation with the Head of Educational Administration.

Special Ability Scholarship (Co-curricular)

Geraldton Grammar School may also offer a Special Ability Scholarship for students in any year level from year 7 through to year 12. These Scholarships may be awarded to a student/s who possesses special co-curricular (e.g. art, music, drama or sporting) talents. They may be awarded based on a student's achievements and his/her perceived potential, however, the applicant needs to have reached a high standard of achievement (National recognition) to be eligible.

To enable a comparison of students across a vast range of abilities, we ask parents to write a letter of application addressed to the Principal and include a copy of their son/daughter's latest school report, a résumé outlining their son/daughter's abilities and achievements and include copies of any awards, references, certificates etc that may be relevant.

Special Ability Scholarships are tenable for the duration of a student's enrolment at the School providing the student maintains a satisfactory level of behaviour and academic endeavour and is involved, according to his/her interests and skills, in the co-curricular life of the School. Students awarded Special Ability Scholarships will have their Scholarship reviewed by the Principal should satisfactory levels of co-curricular participation and/or satisfactory levels of academic endeavour not be maintained.

Applicants for a Special Ability Scholarship are not required to sit the ACER examination unless specifically requested.
